

Universal Compression Connectors

New universal compression connectors were created with the Commercial AV Installers' needs in mind. This series consists of five Universal Connectors that terminate most major brands of cable, including Plenum RG-6, RG-6, RG-59 cable

Features:

- One Universal Connector for each Series of Cable (Including Plenum)
- Easy Insertion
- All Metal Construction
- Optimized for Digital Video Applications
- Patented Viewing Window
- Accommodates Color-Coded Application Bands
